● SELECTION FOR FOREIGN STUDENTS

外国人留学生入試

静 岡 大 学

GRADUATE SCHOOL OF SCIENCE AND TECHNOLOGY
SHIZUOKA UNIVERSITY
SHIZUOKA, JAPAN

Vision

Freedom and enlightenment. Creation of the future.

By promoting the highest standard of education and creative research, Shizuoka University makes a difference and makes its presence felt in close collaboration with local communities and society at large. For a detailed overview of our commitment and vision for the future, refer to Shizuoka University's PDF-format brochure and statement http://www.shizuoka.ac.jp/rinen/vision_policy.pdf.

Mission

1. Teaching for the future:

Shizuoka University will provide students with in-depth knowledge that meets world-class standards so that they can become responsible citizens of tomorrow who are prepared to meet complex international challenges with an indefatigable spirit and concern for all humanity.

2. Commitment to research

Shizuoka University strives to contribute to worldwide peace and human happiness through the pursuit of excellence in humanities and biological and physical sciences.

3. Contribution to the local community

Shizuoka University recognizes the importance of a strong bond to the local community and will explore innovative methods of becoming an indispensable resource in reinventing community life.

Admissions Policy of the Graduate School of Science and Technology, Educational Division

Varies by department

Shaping our students

We train high-tech engineers and researchers who learn in-depth knowledge of specialized disciplines and obtain a broad-based education that enables them to meet the needs and expectations of the community and international society.

Educational objectives

The graduate school provides a *T-style of education* in which specialized courses and courses in relevant new emerging areas (the vertical bar of the T) are combined with broad-ranging general courses enabling students to better contribute and meet the needs of society (the cross bar of the T), while nurturing individuals who exhibit creative energy, self solving ability, and communication skills.

Type of students we are looking for

The graduate school is looking to admit students

- who are passionately committed to the pursuit of new knowledge and truth in the natural sciences,
- who never give up and are self-motivated and challenged to take on tough issues, and
- who demonstrate leadership coupled with a cooperative spirit in dealing with all kinds of situations.

Nature, capability needed for entrance

Qualified candidates for the Graduate School of Science and Technology, Education Division are those who have completed or are expected to complete a Master's Degree or a Professional Degree, and those who are recognized as having a scholastic aptitude equal to or higher than a Master's degree. In the selection examination for general, working, and foreign students, applicants are given an achievement test and an oral exam relevant to the presentation of the Master's thesis or research record, as well as those related to basic subjects of the applicant's major in a previously-completed graduate course.

Through this selection process, the applicants are assessed for their ability to carry out the study and research in the Doctoral course. The graduate school is looking to admit students (1) who are passionately committed to the pursuit of new knowledge and truth in the natural sciences, (2) who never give up and are self-motivated to take on tough issues, and (3) who demonstrate leadership coupled with a cooperative spirit in dealing with various situations. Oral exams administered in the selection process are designed to evaluate the aforementioned personal qualities and aptitude as well as academic abilities required in doctoral study.

Student Admission Guide (April Admission, 2018)

Course for Foreign Students

1. Admission Policy

Department of Nanovision Technology

A new research field will be created by uniting the engineers of image science and researchers of nanoscience. The nano field control of individual photon and electron will be introduced for the first time in the world in the image science, which will be called "Nanovision Science". The objective of creating this field will be to rear students so that they will be able to contribute strongly in the development of industries as engineers and researchers. They will be judged on the basis of their ability, academic achievement, suitability, etc.

Department of Optoelectronics and Nanostructure Science

The aim of the department is to develop your professional capabilities to innovate in future technologies and to take part in the initiative activities based on controlling of materials function and interaction between photons and nanostructure materials in the field of expanding industry such as communication, measurements and chemical industries through a knowledge of fundamental sciences and applying them to their practical purposes. The applicants are required to provide their ability, scholarship and aptitude for achieving the admission policy.

Department of Information Science and Technology

Department of Information Science and Technology aims based on informatics, engineering and basic sciences to educate specialized researchers who develop novel basic information technologies and advanced engineers of information systems with outstanding abilities of information techniques. Applicants are examined from the view point of academic abilities for the policy.

Department of Environment and Energy Systems

The application of basic principles and equations dealing with water, air, and solid and hazardous wastes; material and energy balances; and chemical and biogeochemical cycles for solving environmental issues. Topics include synthesis courses of water treatment, environmental change and biogeochemical cycles, analysis of ecosystems, geomicrobiology, CO₂ sequestration, and environmental legislation. Our goal is new innovative science and technology, through lectures and discussions linking a broad range of scientific and engineering topics.

Department of Bioscience

The department provides education and training to the students by conducting frontier researches directed to basic bioscience and biotechnology, on the basis of cell biology, developmental biology, integrative biology, microbiology, genomics, biotechnology, bioorganic chemistry, food science, and bioinformatics, being expected to take the initiative in the academic and scientific research leaders with entrepreneurship in the new bioindustrial areas.

2. Qualifications for Application (Requirements)

- (1) Persons who have completed a Master's Degree or a Professional Degree.
- (2) Persons who are expected to complete a Master's Degree or a Professional Degree by March 31, 2018.
- (3) Persons who have completed a Master's Degree or a Professional Degree outside of Japan or those who are expected to complete one by March.31, 2018.
- (4) Persons who have studied in a correspondence course of a foreign school in Japan and have completed a Master's Degree or a Degree equal to a Professional Degree or those who are expected to complete one by March.31, 2018.
- (5) Persons who have completed the course of a Master's Degree or a Degree equal to a Professional Degree in Japan designed by the Ministry of Education, Culture, Sports, Science and Technology, Japan, such as a postgraduate course in a foreign country or those who are expected to complete one by March.31, 2018.
The postgraduate course above must be from an educational institution recognized by the school education system in the country where it is located.
- (6) Persons who have qualifications approved by the Ministry of Education, Culture, Sports, Science and Technology of Japan (see Remark 2).
- (7) Persons who are recognized by our graduate school as having scholastic aptitude equal to or higher than that of a Master's holder through an individual evaluation of admission qualification and who are over 24 years old by March.31, 2018. (Those who were born before April 1, 1994)
- (8) Person who completes course of the United Nations university established based on the United Nations general assembly resolution on December 11, 1972 that provides to Article 1 clause 2 of special measures law (No.72 of law in 1976) according to execution of agreement of association union and Japanese country concerning the United Nations university headquarters, and gives degree that corresponds to degree of master.
- (9) Persons who have passed the Qualifying Examination, or persons who have completed the curricula in a university abroad, have passed an examination equivalent to the Qualifying Examination, and are considered as having the academic aptitude equal to or higher than a Master's Degree.

(Remark 1) Applicants who intend to apply in accordance with Qualification (6) or (7) are required to submit to an Individual Evaluation of Application Qualification before submitting Application Documents for Admission.

See "13. Individual Evaluation of Application Qualification" on page 8.

(Remark 2) (the Ministry of Education Notification No.118)

- ① Persons who have graduated from a university in Japan and have experience working in universities or research institutions for more than two years and those who are recognized by our graduate school as having scholastic aptitude equal to or higher than that of a Master's holder through an individual inspection of application qualification.
- ② Persons who have experience working in universities or research institutions for more than two years after completing 16 years of education in the education system of a foreign country or after completing the equivalent correspondence program in Japan and who are recognized by our graduate school as having scholastic aptitude equal to or higher than that of a Master's holder through an individual inspection of application qualification.

If you have any questions, please contact the Graduate School Office (see 16. Information).

Refer to “The list of Supervising Professors and Research-and-Education Subject in the Graduate School of Science and Technology, Educational Division” on the end of this guideline. In order to understand our graduate school, we strongly recommend to visit our web page:

<http://gsst.shizuoka.ac.jp/en/>

4. Selection Procedure

Selection will be carried out on the basis of a presentation of the applicant’s Research Record/Master’s thesis, oral exam and application documents. Applicants are required to give a presentation of his/her Master’s thesis or research record and to take an oral exam about the presentation and subjects which have been studied. The duration of the presentation should be 30 minutes. Applicants who have research experience after receiving a Master’s Degree may present research conducted after the Master’s Degree. A liquid crystal projector is available. However, applicants should prepare a personal computer including any software and others.

• Selection for Foreign Students:

Applicants are screened based on oral presentation and application document comprehensively on a 0-100 scale.

5. Date of Examination and Place

Date	Time	Subjects	Examination Place
December 15(Friday), 2017	Details will be provided to each applicant.	Oral Examination	Hamamatsu Campus 3-5-1 Johoku, Naka-ku, Hamamatsu, Shizuoka Shizuoka Campus 836 Ohya, Suruga-ku, Shizuoka

* The Examination will be taken place at the campus where the intended supervisor works on. Details will be provided to each applicant.

* For foreign students who wish to take the entrance exam before coming to Japan as described in the special screening provision, a mutually convenient date and time will be arranged and the interview will be conducted over the Internet.

Transportation

Hamamatsu Campus:

From the North Exit of JR Hamamatsu Station, take a bus from bus-stop No.15 and No.16 and get off at “Shizuoka Daigaku (静岡大学)” (approximately 20 minutes). Note that all line buses from bus-stop No.15 and No.16 go to Shizuoka University.

Shizuoka Campus:

From the North Exit of JR Shizuoka Station, take the No.8B Miwa-Ohya line and get off at the final bus-stop “Shizuoka-Daigaku(静岡大学)”, or get off at bus-stop “Shizudai-Katayama (静岡大片山)” (approximately 30 minutes)

6. Application Documents

- (1) Application Form. Complete the form provided.
- (2) Examination Card and Photo ID Card. Complete the form provided and paste a photo taken within 3 months of the date of submission.
- (3) Research Plan. Use the form provided.
- (4) Official Certificate of Achievement for undergraduate studies issued by the university.
- (5) Official Certificate of Achievement for graduate studies issued by the graduate school.
- (6) Official Certificate of Graduation from graduate school issued by the graduate school or an official letter of certification from the graduate school at which the applicant is currently enrolled, stating the expected graduation date. Applicants intending to apply in accordance with Qualification (6) or (7) must submit Academic Records certified by the university from which the applicant graduated most recently. (See 13. Individual Evaluation of Application Qualification on page 8.)
- (7) Applicants intending to apply in accordance with Qualification (1), (3), (4) or (5) and who have a Master’s Degree or Professional Degree must submit a copy of their Master’s thesis or the summary in English, on 2-pages of A4-size paper. Applicants who have a record of research should append a Summary of Research and Technological Achievement in English. Fill in the form provided, maximum 1,200 words. Applicants intending to apply in accordance with Qualification (2) or (4), and who are expected to complete Master’s Degree or Professional Degree must submit a report on the progress of their Master’s thesis in English, on 2 pages of A4-size paper. Copies of any academic research publications, academic conference presentations or patents, etc., if any, should also be submitted additionally.
- (8) Permission for Examination written by the chief (or other responsible person) of the applicant’s place of employment if he/she works for a public office or company.
- (9) Application Fee: 30,000 JPY.
Transfer “30,000 JPY” to a bank account of Shizuoka University. In order to have the account number applicants must contact the Graduate School Office (see 16. Information). Please keep a “transfer certificate” until you receive a “Certificate of Application Fee Payment from Shizuoka University”.
Once the application is received, application fee will not be returned under any circumstance. Students expected to complete the Master’s Program or Professional Degree Course of the Graduate School of Shizuoka University in March, 2018, need not pay the application fee.
An application fee is not required for applicants going through Qualification (6) or (7). The result of the evaluation will be sent to the applicant by November 17, (Friday), 2017. Successful applicants in the Individual Evaluation are required to pay the fee for the selection. Instructions for paying the fee will be included with the result notification.
- (10) Return Seal. Write an address to receive the result notification on the form provided.
- (11) Applicants to the selection for working students are required to submit a Record of Research and Technological Achievements.
A letter of recommendation written by the chief (or other responsible person) of the applicant’s place of employment, if any.
- (12) A copy of passport where applicants’ name, photo, birth date, sex, and signature are shown. (INTERNATIONAL STUDENTS only).
- (13) Presentation file for Internet Interview
Presentation in the internet interview should cover the following A and B.
A. Research or study in the Master's course and/or most recent research
B. Future research plan
A corresponding presentation file should be submitted in advance by December 8, 2017, in ppt, pdf or doc format by E-mail addressed to:

souzou-jimu-hgakumu@lists.gsest.shizuoka.ac.jp

7. Application Period

Submission must be made by registered mail. Documents must arrive before the application deadline.

Application documents must be sent early enough for them to have been arrived by the deadline. Late applications and incomplete documents will not be accepted. Be careful to avoid omissions or errors in writing.

- (1) Applicants who intend to apply in accordance with Qualification (1) or (2) and those who have met Qualification (6) or (7) by Individual Qualification:

From November 24(Friday) to November 30 (Thursday), 2017.

- (2) Applicants who intend to apply in accordance with Qualification (3), (4), (5), (8):

From November 24(Friday) to November 30 (Thursday), 2017.

In order qualifications to be checked, early submission is required. If you have any questions, please contact to the Graduate School Office (see 16. Information).

8. Address for Submission of Application Documents

Graduate School Office, Graduate School of Science and Technology, Shizuoka University,
3-5-1 Johoku, Naka-ku, Hamamatsu 432-8561, Japan
TEL (+81)53-478-1350
FAX (+81)53-478-1359
E-MAIL: souzou-jimu-hgakumu@lists.gsest.shizuoka.ac.jp

9. Submission Procedure

Applicants must collect the documents identified above, and send them by REGISTERED MAIL (such as EMS) or bring them to the Graduate School Office in the above.

Please write clearly in red “Application Documents for the Graduate School of Science and Technology, Education Division” on the front of the envelope.

10. Announcement of Successful Applicants

At 10:00 on January 17 (Wednesday), 2018 the successful applicants’ exam numbers will be posted on the public notice boards of both Faculty of Science, Shizuoka, and the Graduate School of Science and Technology, Hamamatsu. Notification will also be sent by E-mail to all the applicants.

11. Admission Procedures

Successful applicants should complete the admission procedure by the following date. Instruction for the admission procedure will be sent.

- (1) Registration Period and Payment:
Registration Period: Late in March, 2018. The detail will be informed.
- (2) Method of Registration: Mail to the Graduate School Office (see 8.Address for Submission of Application Documents). Notice of Payment:
 - a Admission fee must be paid when completing the admission procedures.
 - b Students expected to complete the Master’s Program of the Graduate School of Shizuoka University in March, 2018, need not pay the admission fee.
- (3) Admission Fee and Tuition
Admission Fee: ¥282,000 (actual for 2017).
Tuition: ¥535,800 for the year (¥267,900 for a semester) (actual for 2017).
Note:
 - a If tuition for the previous term has not been paid by admission day, it must be paid between April 1 and April 31, 2018.
 - b If you need to withdraw from school after enrolling any time up to March.31, 2018, the tuition shall be refunded in full upon request by the person who paid the tuition. Note that the admission fee shall not be refunded under any circumstance.
 - c Tuition and other fees assessed by Shizuoka University are standardized and determined by the Ministry of Education, Culture, Sports, Science and Technology (MEXT).
 - d If the tuition fee is increased at the time of admission or while school is in session, the new fee shall apply from the date that it goes into effect.
- (4) Exception from Payment of Admission and Tuition Fees and System for the Prolonged Course Period

a Exception from Payment of Admission and Tuition Fees

In case of lower income than a certain level at the admission it may be possible that the exception rule from payment of admission and tuition fees to be applied to the student. The details of this system will be informed prior to the admission process. If there are any questions, please contact to the Graduate School Office (see 16. Information).

b System for the Prolonged Course Period

This system is applicable to a working student who feels that he/she may not be able to finish the course in three year because of his/her job. By the student's application he/she may engage in the study for six years scheduled. The tuition fees may be specially considered when the system is accepted. The application to the system is evaluated and judged by the university. The details of this system will be informed prior to the admission process. If there are any questions, please contact to the Graduate School Office (see 16. Information).

12. Important Remarks

- (1) Students expected to complete the Master's Program or Professional Degree Course of the Graduate School of Shizuoka University in March, 2018 must complete Admission Procedures in spite of Notice of Payment 12. (3).
- (2) Submission of documents must be made by registered mail. Late applications will not be accepted. Documents must arrive before the application deadline.
- (3) Incomplete applications will not be accepted. Submitted documents will not be returned. Be careful to avoid any omissions or errors in writing. Any change of description after the submission of documents will not be accepted, however, change of address should be informed to the Graduate School Office.
- (4) Requests for an Application Form by mail should be sent to the Graduate School Office (see 8.Address for Submission of Application Documents). "Application Form of Graduate School of Science and Technology, Education Division" should be written clearly in red on the envelope. A self-addressed No. 2 envelope (33.2 cm×24.0 cm) should be enclosed with the request.
- (5) Applicants who intended to apply in accordance with Qualification (3), (4), and (5) have to submit the required document prior to the application period as mentioned 7. (2) for qualifying and checking the application document.

13. Individual Evaluation of Application Qualification

Those who intend to apply in accordance with Qualification (6) or (7) are required to submit to an individual evaluation of their scientific ability in relation to Qualifications for Application. The evaluation is done to judge the scholastic aptitude of application based on documents applicants. If you have any questions, please contact the Graduate School Office (see 8.Address for Submission of Application Documents).

- (1) Application Documents
 - a Application Form for Individual Evaluation. Complete the form provided.
 - b Official Certificate of Graduation from undergraduate school issued by the most recently attended the university.
 - c Official Certificate of Achievement from undergraduate school issued by the most recently attended the university.
 - d Summary of Research and Technological Achievements. Fill in the form provided.
 - e Record of Research and Technological Achievements. Fill in the provided format.
 - f Copies of any academic research publications, academic presentations or patents, etc. if any, should also be submitted.
 - g A stamped self-addressed envelope for the Result Notification. Write the applicant's name, address and ZIP code on a No.3 envelope (12.0 cm x 23.5 cm)
- (2) Application Period
From November 2(Thursday) to November 9 (Thursday), 2017.
Applications must be submitted by the deadline by registered mail to the Graduate School Office (see 8. Address for Submission) by the applicants.
Late applications and incomplete documents will not be accepted. Be careful to avoid omissions or errors in writing
- (3) Notification of the Result
By November 16(Thursday), 2017, the result will be sent by E-mail to all the applicants.

(4) Application Period and Application Documents

Successful applicants in Individual Evaluation of Application Qualification must complete the submission procedures described from 7.Application Documents to 10.Submission Procedure. The following materials are required and submission must be made by mail. Instructions for submission will be included with the result notification. Note that the application period is from November 24(Friday) to November 30 (Thursday), 2017.

- a Application Form for Entrance Examination. Complete the form provided.
- b Examination Card and Photo ID Card. Complete the form provided and attach a photo taken within 3 months of the date of submission.
- c Research Plan. Fill in the form provided.
- d Permission for Examination written by the chief (or other responsible person) of the applicant's employment if he/she works for a public office or company.
- e A letter of recommendation written by the chief (or other responsible person) of the applicant's employment, if any.
- f Application Fee : 30,000 JPY.
- g Return Seal. Write an address to receive the result notification on the form provided.
- h A copy of passport where applicants' name, photo, birth date, sex, and signature are shown. (INTERNATIONAL STUDENTS only).
- i A Self-addressed Envelope for the Notification: Write a return address (the applicant's name, address and ZIP code) on a No.3 envelope (12.0 cm x 23.5 cm).

14. Special Exam Procedures for Applicants with Disabilities

Applicants with disabilities who require special considerations in taking exams and attending school must meet with the school for an interview before the student applies, so please submit the following form. We will contact you as soon as a determination is made based on the interview. We recommend that all new student applicants with disabilities actually visit the campus before applying to examine the school facilities and campus in person.

15. Entrance Exam Fee Refund Policy

Paid test fees cannot be refunded except under the following circumstances, regardless of reason.

(1) Refunds can be issued under the following circumstances:

- ① The applicant will not apply to this school although the test fees have been paid.
- ② The test fee was paid twice by mistake
- ③ The application could not be processed due to incomplete documents and/or due to not satisfying necessary conditions.

(2) Amount to be Refunded:

The amount overpaid or the total amount will be refunded to the applicant as the applicant requests

(3) Applying for a Refund

Students must seek a refund in writing by mail.

In the case of ① or ② in section (1) above, please clearly fill out 1-8 of the following refund request form. All information must be printed clearly. You MUST attach EITHER the "Confirmation of Postal Transfer" (郵便振替払込受付証明書 yuubin furikae haraikomi uketsuke shoumeisho) / ("Confirmation of Entrance Exam Fee Payment" 入学検定料受付証明書 nyuugaku kenteiryō uketsuke shoumeisho)

OR the "Receipt of Payment" (払込金受領証 haraikomikin jyuryōshō).

Refund applications MUST BE RECEIVED by the Shizuoka University Graduate School of Science and Technology no later than February 28 (Wednesday) 2018.

In the case of ③, a copy of the refund request form will be included with your returned documents. Please fill it out and send it by mail.

All bank handling fees are the responsibility of the applicant.

Request for Refund of Shizuoka University Entrance Examination Fees

Year Month Day

To the President of Shizuoka University

1. Reason for Refund Request
2. Type of Test (General Entrance Exam, Entrance Exam for the General Public, Entrance Exam for Foreign Students)
3. Desired Major
4. Name
5. Current Address
6. Telephone Number
7. Amount to be Refunded (¥30,000)
8. Bank Account Transfer Details
 - *Bank Name (We do not accept transfers to a postal account or Yuuchyo Bank)
 - *Branch Name *Type of Account *Account Number
 - *Name on Account
 - *If name on account differs from applicant's, write account holder's relationship to applicant:

(4) Regarding Applicants Affected by the Tohoku Earthquake

We are taking special measures for applicants who were affected by the Tohoku Earthquake in order to lessen their financial burden and encourage chances for university attendance. These applicants can receive special consideration for refunds. Please refer to the following URL for information (Japanese only).
